SHIP BUILDERS GO OUT ON BIG STRIKE

All Work Suspended On Russian War Vessels.

SITUATION IS NOW THREATENING

Large Force of Military and Police Are Sent to the Scene—Reported Assassination of Trspoff Unfounded. News from Tokio.

St. Petersburg, Jan. 19.—Early this morning the employees of the Neva shipbuilding works decided to support the strikers of the Putloff and Franco-Russian works. Subsequently 12,000 of the men of the Neva works informed their managers that they had gone out on a general strike.

The situation is regarded as threatening.

The strike at the Neva works involves the suspension of the construction of submarine boats of the protector type, which was being carried out under the supervision of an American engineer, and also the work on two vessels similar to those of the volunteer fleet and several gunboats and torpedo boats, besides the preparation of war material urgently required for naval and military purposes. The completion of the gunboats and torpedo boats had been ordered within two months.

Large forces of military and police have been sent to the works. It is feared that the men employed at the Obukhoff steel works will join in the movement, thus adding 20,000 to the ranks of the strikers.

Unfounded Report.

St. Petersburg, Jan. 19.—The report circulated by a London news agency that General Trspoff, former chief of police at Moscow, had been assassinated while on his way to this city is unfounded.

The general has arrived in St. Petersburg.

News From Tokio.

Tokio, Jan. 19.—The Japanese captured the British steamer Rawtrej in the straits yesterday morning. The vessel was carrying provisions, shipbuilding materials, etc., from Kiao Chou, the German port on the Shang Tung peninsula, to Vladivostok. She was taken to Sasebo. The capture of another steamer is reported, but no details have been received. The prize court at Sasebo has not yet rendered decisions in the cases of any of the captured steamers recently taken there for trial.

Tokio, Jan. 19.—The navy department announces that 17 officers and men were lost with the torpedo boat commanded by Lieutenant Nagali in the attack on the Russian battleship Sevastopol at Port Arthur, Dec. 14. The commander of the Japanese third squadron reporting the details of the night attack on the Sevastopol Dec. 13, said that while searching for the Russian ships a torpedo boat commanded by Lieutenant Nagala became lost from its companions and there was anxiety for the safety of the boat and crew.

A Japanese staff officers made the statement today that Japanese regulars accompanied the Russian raiders in their recent expeditions planned to cut the line of Japanese communications.

Postmistress in Jail.

New Haven, Jan. 19.—Margaret A. Toomey, formerly postmaster at Lees Island, was bound over to the United States court on a charge of embezzlement after a hearing before United States Commissioner William A. Wright. She went to jail in default of bonds of \$1,000. It is alleged that Mrs. Toomey's office accounts were found to be short to the extent of \$450.

Steamer Indus Floated.

New York, Jan. 17.—The steamer Indus, aground on Fire Island, was floated at 12:30 o'clock Sunday afternoon. Tugs began pulling at the steamer with the rising of the tide and their efforts to release the vessel were finally successful.

FALL RIVER STRIKE ENDED.

Mill Operatives Go Back to Work at Reduced Wages.

Boston, Jan. 19.—The strike of the cotton mill operatives at Fall River was settled at a conference here today. The conference was held at the state house, representatives of the manufacturers and operatives having met under an arrangement made by Governor Douglas.

The strike began July 25, 1904, when the manufacturers posted notices of a 12 1/2 per cent reduction of wages.

At a conference held here last Wednesday, was without effect, but the conference today was authorized to make a settlement.

By the settlement agreement the operatives will return to work at once under the reduction. The question of the margin between raw material and manufactured goods which shall be required by the manufacturers, is left to be adjusted by Governor Douglas.

Fall River, Mass., Jan. 19.—The cotton mills strike which began here on July 25, 1904, was the greatest disturbance the textile industry of America has ever known. When the mills involved were obliged to close their gates about 25,000 operatives were thrown out of work. Seventy-one mills controlled by 32 corporations, stopped the machinery and it remained idle until the middle of November, since which time most of the factories have been running generally with less than one half the usual force. The strike was directly due to a reduction of 12 1/2 per cent in wages. The mills had reduced wages 10 per cent eight months previously.

Under the second reduction the standard price for weaving was 17.32 cents per cut. The last cut was not met by the six mills of the Fall River Iron works, an independent concern. The yarn and thread mills, the Barnaby gingham and Stevens' quilt mills were also out of the wage reduction agreement.

The mills affected by the strike have a combined capital of \$25,000,000 and have 2,300,000 spindles. During the month the mills were shut down the operatives lost nearly \$150,000 weekly, and the corporations about \$25,000. The aggregate direct losses to all interests up to today is estimated at fully \$5,000,000. The indirect losses were also considerable.

MINERS IN ANNUAL CONVENTION

President Mitchell Will Address Members of Legislature.

Indianapolis, Ind., Jan. 19.—The national convention of the United Mine Workers of America today held a short session and took a recess to await the report of the resolutions committee. An invitation to President Mitchell to address the Indiana legislature was received and accepted. The credentials committee reported 657 delegates representing 1,050 locals and casting 1832 votes.

The auditing committee reported the receipts and expenditures for the year as set forth in the secretary's report. The chief expenses were \$1,957,290 for the strike relief and \$199,725 for officers' salaries and expenses. There is on hand \$603,952.

Big Meeting of Y. M. C. A.

Mobile, Ala., Jan. 19.—A meeting of the international committee of the Young Men's Christian Association of North America and the state committees of Alabama, Mississippi and Louisiana will be held at Birmingham Jan. 23. The international committee has charge of the work of the organization throughout the world, and the object of this meeting is to confer regarding the work in the three states named. Dr. Warner, chairman of the international committee, and other distinguished men, are expected to attend.

Two Have Lest Lives.

Columbia, S. C., Jan. 19.—Within 10 days two workmen have lost their lives in the construction of the Southern railway's new bridge over the Catawba river, near Fort Mill. On the 8th instant Frank Ayers, a white man of Columbia, was killed. On Friday, Alex Campbell, a negro, was drowned by the capsizing of a boat in which he and another negro man were removing temporary beams from the bridge.

MORMONS STEER CLEAR OF LAWYERS

Declares Prof. Talmage Before Senate Committee.

SWAYNE TRIAL BEFORE HOUSE

Senator Smoot's Trial Still In Progress Before Committee—Impeachment of Judge Swayne Is Being Argued by Members of the House.

Washington, Jan. 19.—When the Smoot investigation opened today before the senate committee on privileges and elections Professor James E. Talmage, of the Utah state university was sworn. He was born in England and has been a Mormon all his life. He testified that he is the author of the book called "Articles of Faith," which he prepared at the request of the first presidency. The book was approved and published by the church. He also revised the last edition of "The Pearl of Great Price." He was a member of the high council of Utah state in 1884. At the request of Attorney Worthington for Senator Smoot, Professor Talmage gave a detailed description of the organization of the Mormon church, together with the authority held by the various quorums.

The apostles as a body have no authority over the first presidency except in their advisory capacity, said the witness. Church courts were described and Senator Overman asked if the parties to suits in the church courts are permitted to have counsel. The witness replied that they do not have legal counsel as it is the purpose of the church to steer clear of the lawyers.

A number of letters showing the action of the church in appeals of land cases was shown to Professor Talmage. He identified the signatures and the letters were offered in evidence to prove that the church authorities seek to have disputes settled amicably, but that they do not prevent the taking into vicia court in such matters as involve questions of law.

In the House.

Washington, Jan. 19.—Argument in the Swayne case was opened in the house today by Mr. McCall (Mass.). That picture of a judge presented yesterday by Mr. Cockran (N. Y.), he said, though ideal was as unattainable as it was sublime. The argument of Mr. Palmer (Pa.) that we "either condemn or we do not condemn Judge Swayne for his actions," he did not believe valid. The constitution gives the house to right to impeach federal officers for treason, high crimes and misdemeanors. He reviewed briefly the charges against Judge Swayne and said he had no difficulty in reaching the conclusion that he should vote against all of the articles of impeachment.

In the Senate.

Washington, Jan. 19.—President Pro Tempore Frye, of the senate, today appointed Messrs. Foraker and Gorman as tellers on the part of the senate to count the electoral vote on Feb. 8. A bill authorizing the county of Sunflower, in Mississippi, to construct a bridge across the Sunflower railway, was passed.

Separated but Soon Remarried.

Harrisburg, Ill., Jan. 19.—Finding they could not live without one another after being separated by the courts for two months, J. H. Frier and Mrs. Jane Frier, 58 and 57 years of age respectively, were reunited in marriage by Justice J. O. Wilson. They had been married 56 years and lived happily until a few months ago, when the wife filed a suit for divorce in the Gallatin county court. Two months ago the decree was granted. Finding life unbearable without his companion of so many years, he wrote to her at Shawneetown, Ill., and told her he had asked for a reconciliation. She arranged a meeting in this city and they were married.

MEN MANGLED BY EXPLOSION.

Saw Mill Boiler Lets Go in Lincoln County, Georgia.

Washington, Ga., Jan. 19.—Two persons were killed and two more very seriously hurt Tuesday as a result of a boiler explosion, which occurred this morning about 10 o'clock at Graves Mountain in Lincoln county.

The dead are: William Martin, Jr., son of William Martin, who owned the saw mill.

Willie Johnson, negro, a saw mill hand.

William C. Martin was badly scalded about the face; not seriously hurt. Another negro, whose name is not known, is badly burned about the body and arm broken. He will probably die.

Two other negroes who were standing near the engine at the time of the explosion, were blown over a rail fence for a distance of 20 feet, but not hurt, with the exception of slight bruises about their bodies.

The engine and a small tool house were completely demolished by the explosion of the boiler, which was an old one.

WINTER HOTEL BURNS DOWN.

Several Guests Barely Escape from the Burning Building.

Homosassa, Fla., Jan. 19.—The Homosassa inn was completely burned Tuesday night, catching from a defective flue at 9 o'clock, before the occupants had retired.

Among the guests were Congressman-elect and Mrs. Gordon Lee, of Georgia; Mrs. Frank M. Potts, of Atlanta, and Dr. R. L. Palmer, of Atlanta.

All personal effects of the hotel and the guests were saved largely through the efforts of the members of the Atlanta Fishing Club, whose club house is just across the river and whose members first saw the fire and gave the alarm.

The inn was a three-story, fifteen-room house, built 12 years ago, and for this season was operated by the management in charge of the Lowry hotel near by. The guests were transferred at once to the latter hotel. The lost inn is covered by insurance.

NEW RAILROAD LOCOMOTIVE.

Say Improved Engine Will Revolutionize Railroad.

Ogden, Utah, Jan. 19.—A new type of engine known as the "monkey motion" pattern, which it is claimed, will revolutionize steam locomotion on railroads, has been successfully operated on the Southern Pacific. A train of 1,500 tons was run from Ogden to Wadsworth, Nev., hauled by one of the new engines.

The new type of engine was designed by an employe of the Southern Pacific. All the driving mechanism is located on the sides of the engine, making it easy of access. The steam exhausts very rapidly and there is no back pressure. It is estimated that the new engine will save from 25 to 40 per cent coal consumption, being able to run 54 miles with one ton of coal as against 25 to 28 miles under the present system. The standard engines now in use can be changed to the "monkey motion" with but little cost.

Young Man Killed Mysteriously.

Columbia, S. C., Jan. 19.—Scott Clegg, the 16-year-old son of Policeman John Clegg, of Greenwood, is dead as the result of a pistol wound in the back of his head. The source of the bullet has not yet been determined by the coroner's jury. The facts as brought out by the coroner's jury, which has adjourned until Wednesday, are that John Clegg, the dead boy's father, and a younger brother, went from Greenwood to the home of a relative, about 10 miles in the country. They returned to Greenwood last night with the boy, Scott, nearly dead.

Captain and Crew Drowned.

Miami, Fla., Jan. 19.—The Spanish bark El Victoria, with a crew of 10 men from Tampico, Mexico, to Fernandina, Fla., went ashore near Palm Beach yesterday afternoon. The captain and 10 men of the crew were drowned while attempting to reach the shore.

MURDERER BARELY ESCAPES LYNCHING

An Italian Baker In New York Stabs Man To Death.

WOMAN WOUNDED IN THE FIGHT

Italian Escaped but Is Soon Captured by Police and Is Hurriedly Sent to Jail to Escape the Wrath of an Angry Mob.

New York, Jan. 19.—The custom of an Italian baker to leave his heavy delivery basket in the dark hallway of an east side tenement while he delivered his wares through the house, today, resulted in a quarrel in which Pasquale Totoriello, aged 45, was killed and his niece, Mrs. Maria Totoriello, aged 30, so badly wounded that she will probably not recover.

Both victims were stabbed. Mrs. Totoriello identified the baker, Salvatore Ferrari as the man who killed her uncle and caused her own injuries. He was captured after a short, sharp chase by the police.

The baker had disregarded frequent warnings not to leave the basket in the hallway, where any one passing through would fall over it in the darkness. When the janitor himself fell over the basket today he decided to have the matter settled.

A quarrel followed, and Totoriello and his niece with to the janitor's assistance.

When Ferrari was captured a few minutes later and brought back to the tenement house for identification, the officers and their prisoner were surrounded by an angry mob, and the policemen had to fight their way out.

FRENCH CABINET RESIGNS.

President Loubet Will Begin To Get New Members at Once.

Paris, Jan. 19.—The Combes ministry presented its resignation to President Loubet at the Elysee palace this morning, and the president accepted it, but asked the ministers individually to carry on their functions until a new cabinet is formed.

M. Loubet will begin the consideration of the formation of a new cabinet this afternoon. He has summoned the president of the senate, M. Fallieres, and the president of the chamber of deputies, Paul Doumer, to the Elysee for conferences. These conferences will determine whom M. Loubet will invite to form a ministry. M. Rouvier continues to occupy the first place, but his chances are less certain than of first, owing to the belief that a Rouvier cabinet would not last long on account of the international divisions of the parliamentary groups.

Hearing Given Ex-Postmaster.

Valdosta, Ga., Jan. 19.—Deputy United States Marshal Goodwin returned today from Brunswick, where he carried Gilbert Meeks, the alleged defaulting postmaster at Nichols, for a commitment trial. Meeks was arrested at Offerman, Saturday, without any trouble and he and the officer went at once to Brunswick. The commitment trial was held before Commissioner Dunwoody and Meek's bond was fixed at \$2,500. His alleged shortage is said to have been \$2,000. The report sent out from Douglas in regard to the bondmen having settled the matter seems to have been in correct. They may pay the alleged shortage, but it is doubtful if they will be able to stop the criminal proceedings against Mr. Meeks.

Famous Trial in Kentucky.

Lexington, Ky., Jan. 19.—A. F. Byrd, attorney for the commonwealth in the case against Bill Britton for the alleged assassination of James Cockrell at Jackson, in the feudist war today made a sensational statement that he would prove Judge James Hargis sat in the window of his store with a rifle in his hand prepared to shoot at the time that Britton and Curtis Jess are alleged to have killed Cockrell. This is the first time that Hargis' name has been used as an actual participant in any of the Jackson feudist killings.

TIRED OF LIFE HE SUICIDED

William Wells of North Gainesville Has Passed Away.

USED A COMMON PEN KNIFE

And Severed His Jugular Vein, Bleeding to Death in a Few Moments.—First Discovered by Little Daughter—A Sad Occurrence.

North Gainesville was the scene of an awful tragedy last night, when William Wells, probably dreaming of what an easy life the future would be compared to the past, took his own life by severing his jugular vein with a pen-knife.

The unfortunate victim was discovered by his little daughter, Nellie, about 8 o'clock in the evening. She went to the door leading to the room of the deceased, and, finding it locked, knocked several times. Knowing her father was in the room and receiving no response, an entrance was gained and she beheld a ghastly sight, William Wells lying on the bed in a pool of blood—dead.

In the hand of the unfortunate man was found a small pen-knife. His jugular vein was severed, and that told the sad tale.

The coroner was notified, and after viewing the remains it was decided that an inquest was unnecessary, it having been a plain case.

Mr. Wells was well known in this city, where he has resided for many years. While his death will be regretted by his friends, it will be received with little surprise, as he has been despondent ever since the death of his beloved wife, a fine Christian lady, a few months ago.

Friends of the family offer deep sympathy in this hour of sorrow and bereavement.

KIRBY SMITH ELECTION.

Officers Were Chosen for the Ensuing Year—A Fine Meeting.

The annual meeting of Kirby Smith Chapter, United Daughters of the Confederacy, was held at the home of the president, Mrs. H. H. McCreary, Thursday morning, at which the election of officers was held for the ensuing term as follows:

Mrs. J. N. Strobhar, president; Mrs. G. W. Moyers, first vice-president; Mrs. J. F. McKinstry, Jr., second vice-president; Miss Maude Graham, recording secretary; Mrs. John Chesnut, corresponding secretary; Mrs. A. W. Taylor, registrar; Mrs. F. R. Seawell, treasurer; Mrs. J. E. Wainwright, historian; Mrs. H. H. McCreary, assistant historian.

The meeting was well attended, and considerable interest was manifested. A casual review of the past year's work showed the chapter to be in excellent condition, financially and otherwise, and the ladies feel greatly encouraged. There were several applications for membership, but inasmuch as this was a meeting called for the express purpose of the election of officers, same was deferred until the next regular meeting.

In retiring as president of the chapter Mrs. McCreary may feel gratified that she has accomplished good work. She was for four consecutive years in the chair, and the members of the chapters gave her up reluctantly. The affairs have been conducted in a business-like, fair and impartial manner, which went as evidence of the parliamentary and business ability of this lady. Her successor, Mrs. J. N. Strobhar, however, is a lady of rare ability, full of energy and popular among her associates, and will no doubt retain the excellent reputation of her predecessor.

The next regular meeting of the chapter will be held on the first Thursday in February.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 23, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasant remedy for coughs and colds I have ever used." 25c, 50c and \$1.00. Sold by W. M. Johnson.

Attention, Odd Fellows.

The regular weekly meeting of Center Lodge No. 11, I. O. O. F., will be held at the lodge room over Dutton's bank this evening, beginning at 8 o'clock. A full attendance is desired, and visiting brothers will receive a cordial welcome. There will be work. J. W. Blandino, N. G. J. G. Torrey, Sec.

HAD TO HIDE IT

A mother wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way. Scott's Emulsion makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much—they know it makes them feel good.

MR. HODGE'S DESCRIPTION.

He Describes as Best as Possible the Colored Man Who Robbed Him.

Hon. Charles Hodge, erstwhile political aspirant for the Lower House of the Legislature, who was knocked down, dragged over palmetto roots and robbed of \$4.60 and a rubber stamp by a colored boy in the woods near Alachua, in broad-open daylight Saturday, has furnished, it is said, the following description of the robber, to the best of his recollection under the trying state of affairs:

"He is a boy between fourteen and fifteen years old, wearing long pants with a good height. He had on blue overalls, double-seated and double-kneed. They are about half worn out. Had on a brown hand-made shirt with white buttons, and a grey sack-tail coat well worn on the sleeves, and a brown black hat. He is very dark and smart in size with heavy white teeth and his upper front teeth stick out and is double and effected between them, and a wide mouth, and his hair is red brown and lies close to his head. He is not bright in width and has an idle-some appearance and large white eyes. A long face and a short head."

Col. Hodge feels greatly provoked at this outrage, and will be willing to give anyone apprehending the rascal who relieved him of his money three dollars.

MRS. GOODWIN'S AFFAIR.

Entertained Lady Friends at Whist in Most Hospitable Manner.

The elegant home of Mrs. J. A. Goodwin, 201 West Court street, was the scene of much gaily Wednesday afternoon, that lady having entertained in a clever manner a number of her lady friends at whist.

The affair was an entirely informal one, which made the occasion all the more enjoyable. There were ten tables, and the game was played with great enthusiasm.

At the conclusion of the contest it was discovered that Mrs. C. A. Nichols had won the first prize, a handsome Japanese vase, while the consolation prize, a burnt wood poster, fell to the lot of Mrs. J. T. Percival.

Mrs. L. C. Lynch and Misses Annie Scarlett and Mary Ammons assisted Mrs. Goodwin in receiving.

Delightful refreshments consisting of salad, etc., were served, and at a late hour the party dispersed, wishing the hostess a life of continued happiness.

Stoessels Not a Prisoner of War.

Tokio, Jan. 17.—General Nogi has written to the government of Nagasaki, the following:

"As to the treatment of General Stoessels, you will be advised by the proper authorities, but it may not be out of place to point out that General Stoessels is now neither a prisoner of war or an enemy, but a foreign gentleman, who meritoriously served his country and, moreover so honorably performed, without unnecessary delay, the complicated task of transferring the forts and ammunition to Port Arthur that he deserved to be accorded full military honors, and I commend him to your consideration."

It is reported here that a Japanese gendarme discovered a woman about 20 years old, disguised, among the Russian prisoners brought to Nishima. She was much embarrassed at the exposure and is now located in special quarters.

PECAN CULTURE COMING INDUSTRY

Trees Are Hardy and Not Subject to Loss by Freezes.

PRODUCT IS ALWAYS STEADY

There is Little Fluctuation on the Price of Pecans, and a Market Can be Found Anywhere in the World—A Big Thing for Florida.

As was stated in the Sun of Wednesday, Dr. M. H. DePass of Archer has just completed the setting of a ten-acre grove of pecans on his place.

Dr. DePass, like many others, believes that the pecan industry, which is already assuming good proportions, is going to become the leading industry of Florida. It is a product which is always in demand at all seasons of the year, does not require refrigeration to market, and may be held subject to better prices without loss. Another advantage is that the pecan is a hardy tree, and will resist the coldest weather. Once a pecan tree arrives at maturity it is a sure income for generations to come.

There are a great many pecan orchards scattered in various portions of the State, but this section seems better adapted than any other. The trees seem to flourish better and bear more prolifically and better fruit than in any section, as has been demonstrated, on various occasions in competition from the products of other sections.

Dr. DePass is a firm believer in the "pecan future" of this section, and has exemplified his sincerity by putting out this ten-acre grove. The trees are of the celebrated Jacox variety, which took the prize at the World's Fair, St. Louis. It is a paper shell fruit of exceptional flavor, very large and shapely, and always finds a ready sale on the market at home or abroad. Dr. DePass expects that the trees will be bearing within the next three years, when he will be financially independent.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oakland, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One nose relieves. Guaranteed at 50c and \$1.00 by all druggists. Trial bottles free.

Held Fraudulent Election.

Pueblo, Colo., Jan. 19.—In a deposition Mrs. Blanche Shaw, presented here in a hearing in the district court in the election fraud cases Mrs. Shaw declares that she assisted Chief of Detectives E. H. Wilson, in making out dozens of fraudulent registration sheets and received pay from him for so doing. Mrs. Shaw has been in custody since the grand jury began investigating the election frauds, and the deposition was taken in order to secure her freedom.

Trainmen Will Strike.

Philadelphia, Jan. 19.—W. G. Lee, vice grand master of the Brotherhood of Trainmen stated today that 95 per cent of the 12,000 members of the union had voted to give the grievance committee authority to call a strike of trainmen employed by the Pennsylvania Railroad company, if necessary, to secure the repeal of the company's order making firing by brakemen compulsory. This is the main grievance of the trainmen. The vote was counted in this city.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and \$1. Sold by W. M. Johnson.

LEE'S BIRTHDAY
CELEBRATED HERE

Stonewall Camp Held Impressive
Ceremonies in the Court House.

A LARGE CROWD PRESENT

Several Speeches Were Made, After
Which Crosses of Honor Were Con-
ferred on Veterans—Gen. Law Ac-
cepted Invitation But Didn't Appear.

The birthday of General Robert E. Lee, the Confederate hero and one of the finest and greatest men who ever lived, was appropriately observed in this city Thursday, exercises having been held in the court house.

The day was generally observed by the banks and other offices under state jurisdiction, as well as by Stonewall Camp, United Confederate Veterans, and others. The exercises at the court house were under the auspices of the Confederate Veterans and the members of Stonewall Camp, the Daughters of the Confederacy, East Florida Seminary and the public school, together with the general public, which shared with them in this demonstration of love and respect for the hero of the Confederacy.

As was announced in The Sun of Thursday morning, the exercises began promptly at 11 o'clock. Major John W. Tench, a Confederate veteran and member of Stonewall Camp, called the meeting to order and presided with grace and dignity during the ceremonies. Major Tench in a few brief but eloquent remarks explained the purpose of the meeting, which was for the commemoration of the birthday of General Lee. This was followed by a fervent prayer by Rev. Francis H. Craighill of Holy Trinity Church, when Major Tench addressed the meeting. His remarks were full of enthusiasm and sincerity, and were well received. He was followed by Hon. J. M. Rivers, who gave an eulogy of General Lee and dwelt upon his honor and his loyalty. Col. Rivers' remarks were well received, and frequently he was interrupted by applause. His points were well taken, and this young descendant of the Confederacy delivered one of the best and most impressive addresses of his life.

The address of Col. Rivers was followed by the reading of the rules of the Daughters of the Confederacy in reference to the delivery of crosses of honor, after which crosses were delivered by J. J. Finley Chapter, U. D. C., to those veterans present.

The cadets of East Florida Seminary and the students of the Gainesville Graded and High School attended these services in a body, which made a most impressive appearance. The day was one which will long be remembered, and many an old veteran was made happy by the presentation of a cross of honor, which is as dear to them as life.

General E. M. Law of Bartow was invited to deliver the address of the day, and accepted, but no explanation so far has been received as to why he did not respond.

Captain George M. Lynch was called upon, and made the usual stirring address. Although he stated that he was not prepared, Captain Lynch delivered a stirring and interesting address on General Lee, the Confederacy and matters touching upon Confederate government and the great Confederate general. His remarks were well received, and the speaker retained his reputation as an orator.

At Auditorium Tonight.

From present indications, there will be a large audience at the High School Auditorium tonight to see the famous Russo-Japanese war pictures to be presented by Mr. Charles Hammond Frye, who accompanies the scenes with a graphic descriptive lecture. The High School Auditorium is at this season of the year the pleasantest and most comfortable assembly hall in the city, and Mr. Frye gives a liberal portion of the proceeds for school purposes.

Texas Courts Want Mrs. Duke.

Nacogdoches, Tex., Jan. 19.—District Attorney Imboden said tonight that he had asked the governor to secure extradition papers for Mrs. Alice Webb Duke on the indictment charging her with swindling E. A. Blunt by securing from him a loan of \$3,000 based upon false allegations that she and C. E. Taylor had purchased the Redfield tobacco farm from S. F. B. Morse when, in fact, both she and Taylor had been legally warned not to set foot on the place. Mr. Imboden also states that Mr. Hobbs, who built the House on Redfield, has \$1,500 due him.

HAVE YOU WEAK
LUNGS?

Do You Fear Consumption?

"When we take into consideration the fact that one out of every seven in this climate die of consumption, is it any wonder that it is feared by the people of Gainesville who have weak lungs and chronic colds and coughs?" said Mr. Johnson, our local druggist, to a Sun reporter.

"A famous London physician has for years urged his patients, when the slightest tendency to consumption appeared, to take all the cod liver oil possible into their system, and physicians everywhere have recognized its value for coughs, colds, bronchitis, consumption and all wasting diseases, but, unfortunately, few could take it and derive any benefit from its use, on account of the indigestible grease which it contained.

"Now," continued Mr. Johnson, "I want every person in Gainesville to know the value of our new cod liver oil preparation, Vinol. It actually contains in a concentrated form all of the body-building elements of cod liver oil actually taken from fresh cods' livers, without a drop of oil or grease to upset the stomach and retard its work.

"Therefore, whenever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good. We guarantee Vinol will improve the appetite, strengthen digestion, make rich, red blood, create strength, cure chronic coughs and colds and strengthen weak lungs.

"We have letters from people who have been given up to die in consumption and claim to have been cured by Vinol. Among others is the following from Mrs. J. G. Brown of Anderson, Ind.:

"Our daughter was on the verge of the grave with consumption. Our family physician said she could not possibly recover. She was so weak we could only give her half a teaspoonful of port wine at a time, this being the only thing she could take into her stomach. We tried Vinol, however, and after taking several bottles, our daughter was up and taking her meals regularly, and is now as healthy as she ever was. We hope other dear ones may be saved as ours was, and words are inadequate to express our gratitude to you and your splendid cod liver oil preparation, Vinol."

"If Vinol fails to give satisfaction to our customers, we return your money without question." W. M. Johnson, druggist.

ODD FELLOWS' HOME.

Happenings at This Popular Gainesville Resort.

Miss Bertha Brown of Halifax, Nova Scotia, arrived this week for an extended sojourn.

The fishing party planned for yesterday by Col. Whittemore and his able assistant, C. D. Schafer, was postponed on account rain.

Mr. and Mrs. Deming Fitch of Madison, Wis., are expected in a few days to pay their annual visit to Gainesville, and they think there is no place like the Home.

A party from the Home gave Mr. and Mrs. D. C. Warner a pound surprise party, Wednesday evening, at their pleasant quarters on Main street, North. They were joined by a few friends from the city, and games were enjoyed to pass the evening. Each guest furnished a pound of refreshments, and being under the direction of Mrs. Byars, the selection was ample and varied, making a delightful feast.

The popular thoroughfare to the Home—Indiana street—looks like a back alley, it being ornamented with empty cans thrown around the roots of the trees. It seems a pity that some people do not take enough pride in the streets to try and keep them tidy, especially when the city will have such debris taken away if they will only put it in a barrel or box for that purpose.

Cold Interferes With Sports.

Grand Junction, Tenn., Jan. 17.—The annual field trials of the United States Commercial club began today. The weather conditions for the day are not favorable, and the first of today's contests will be handicapped because of a heavy frost which fell last night. The derby has 39 entries.

Ice Gorge at Louisville, Ky.

Louisville, Ky., Jan. 19.—The crest of the rise in the Ohio river which dislodged the gorge 4 miles above Louisville, and caused considerable damage to shipping, reached here today. One small pleasure steamer, one coal boat and a coal barge were torn from their moorings today, but were captured after a lively race, at the head of the canal. The steamer Morning Star, which was placed in a hazardous position by yesterday's crush of ice, was released today and taken into the canal for safety.

New Companies in Chile.

New York, Jan. 19.—During last year, says a Herald dispatch from Valparaiso de Chile, 59 mine, agricultural and nitrate banking companies have been incorporated with a total capital of about \$30,000,000. Several foreign firms with \$8,000,000 capital, were also formed. Commercial and industrial enterprises of all kinds, representing hundreds of millions, continue to be organized. Nitrate exports and customs receipts show large increases.

Italian Bark Goes Ashore.

West Palm Beach, Fla., Jan. 17.—An Italian bark, the name of which could not be learned, went ashore 5 miles south of Palm Beach. The bark carried a crew of 15 men and a cargo of 500,000 feet of pine lumber. She sailed from Pensacola for Antwerp. All the crew are safe, but the vessel is on the beach and it is feared that the waves will beat her to pieces. The wind is still very high and the sea is rough and it is feared that other vessels will be reported as wrecked.

An Unfinished Prayer.

A southern doctor of divinity in New York on his vacation was speaking of unusual prayers he had heard. One was made by a young lawyer who, through innate piety or from a desire to advance his political fortunes by being identified with the church, besought the preacher to call on him for prayer in the weekly prayer meeting. Suspecting that politics and not piety was at the bottom of the lawyer's desire to pray in public, the preacher did not call on him until one rainy night, when the attendance was slim. Then Brother H., being asked to "lead us in prayer," began his supplication. In great detail he mentioned the various situations, personal and general, in which the divine guidance was desired. Finally, however, he hesitated as if he had forgotten anything else to say. He showed signs of confusion, and then, in a despairing tone of voice, continued: "In conclusion, your honor, I might mention many other things, but these will suffice for tonight. Amen."

Remarkable Smile.

Mr. Robert Pollok, a Scottish poet, while a student of theology once delivered a trial discourse before the Secession Divinity hall, Glasgow, the subject of which was "Sin." His manner of treating it was, in the opinion of his fellow students, rather bombastic, and at some passages there were audible symptoms of the amusement which they derived from Mr. Pollok's high flown phrases.

At last there came one flight of fancy which was so remarkable that the professor himself was fairly obliged to give way—and smiled. It was when the young preacher had reached a climax in his enumeration of the dreadful evils which sin had brought into the world.

"And had it not been for sin," remarked Mr. Pollok, with great vehemence of manner and tone, "had it not been for sin, the smile of folly had never been seen upon the brows of wisdom."

Napoleon and His Hats.

It is interesting to note that the legend of the "petit chapeau" still exists. Frenchmen always refer to the headgear of the first Napoleon as "the little hat." This is because the hats worn by Bonaparte at Toulon, at Lodi, in Egypt, during the famous eighteenth Brunsvic and at Marengo were all quite small. When the emperor became stouter he ordered his hatter to widen the brims of his headpieces so as to be more becoming. As he became fat and "potbellied" and as his face became bigger and bigger his hats became broader and broader. For instance, the hat of Waterloo is three times the size of the hat of Austerlitz. These facts are recorded in the inventories of the emperor's hatters, deposited at the New York Tribune.

Worried.

"Why, dear," said the poet's wife after the acceptance of his first poem by a magazine, "what is the matter? You seem to be awfully downcast."

"Yes," he sadly replied. "I am. I'm worried about our child. The sons of great men seem to have such a poor chance to turn out well, you know."

Someone has been figuring out the number of words a man utters in a year and finds the average to be 11,800,000.

"The sleeve," exclaims a fashion article, "is the thing" forgetting that what a man has up it is really that which counts.

A Mobile man got thirty days in jail for kissing a girl against her will, but, of course, such a thing doesn't happen often.

Removing snow in New York City is a large item in the city's annual expense bill. It costs about \$35,000 for every inch of recorded snowfall.

Ordinarily a great fortune is built up like a stone wall—a stone at a time. The young man who declines to lay the first stone, because it comes so far short of a wall, will never make progress in financial masonry. An immense proportion of the people of this country live up to their incomes, laying aside nothing for the traditional rainy day. Because they cannot save \$1,000 in a bunch they save nothing. The greatest financial kings of the world have not been above taking care of the pennies even. The great financial institutions look after even the fractions of pennies.

The American people certainly are "easy." We allow a few hundred idlers to tramp over the country, living off the soft hearted people who never turn a tramp away empty handed. The result is that we have a class that thinks the world owes them a living. It seems useless to keep saying that the "unwashed tribe" should never be fed, but the statement should become a law so that everyone who feeds a tramp commits a misdemeanor. It should not be forgotten that it takes at least two to make a tramp's life possible—one to tramp and the other to feed him.

Plenty of thinking business men who read of the successes of merchants in cities realize that the foundation of every successful merchandising project is printer's ink. Yet these same business men—many of them—fail to grasp the idea sufficiently to benefit themselves. They either cannot write an advertisement or think they can't, or else they lack the nerve to invest the money in newspaper space, circulars and other printed matter and are unwilling to wait the results that are sure to follow persistent and consistent advertising methods.

The value of a college education to a young man lies not in what he actually learns, for very often a man has to learn in the commercial world what he has learned in college, but in the training of his mind. That is the great benefit of schooling of any kind; it trains a man's mind to meet problems and overcome them. And in that respect a college man unquestionably has the advantage of a man who has not been to college. Yet mental training is to be had outside of the college, although it is more easily acquired there.

Anyone who has an idea of what the telephone operators have to contend with will not register complaints against them if every little thing does not run smoothly. A telephone girl's work is a nerve-racking job and one that a nervous person would not be able to stand. During a very busy period the operator sits with the receiver fastened to her ears working just as hard as possible placing the plugs that make the desired connections or disconnections.

Deafness Cannot be Cured
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c.

In Germany a certain sum of money is set aside for each workman every week (the employer and the employee each contributing half), and the government adds a supplement of \$12 on each pension. Ten million workmen are thus insured against sickness, 17,000,000 against accident, 10,000,000 against disability from old age. Six hundred and seventy thousand persons receive the benefit of this fund in yearly pensions.

England is again making plans to build the biggest battleship in the world, and by next year some other important nation will make it necessary for the Britons to start all over. The biggest battleship in the world never succeeds in getting itself launched before a bigger one is started somewhere. It's a beautiful game, especially for the people who pay.

A Chicago man who disappeared ten years has just written his wife that he "will come back to her from the grave." Woman's vitality is superior to that of man, and statistics prove it. One-fifth more boy babies than girls are born, yet a large percentage of the boys die before they are five years old, and the feminine population the world over is steadily gaining on the masculine.

MR. BAYER IS IN A MUDDLE

Not Find Accommodations for
Visitors to Bible Conference.

WANT TO COME

The Mails Every Day Bring Increased
Inquiries for Accommodations, and
Mr. Bayer Wants Those Having Room
to Inform Him at Once.

Ernest Bayer, secretary of the
Winter Bible Conference, is in all
kinds of trouble.

A few days ago Mr. Bayer placed a
card in The Sun stating that he was
receiving letters daily from every sec-
tion of the United States requesting
him to recommend a boarding house,
with rates, for the Bible Conference
session, and asking that those who
could accommodate guests correspond
or confer with him at once. In reply
to this announcement he has had a
great many, but the letters are increas-
ing by every mail, and he is desirous
of securing more quarters.

"I declare I do not know what we
are going to do with this crowd if we
cannot find people who will take
them," remarked Mr. Bayer in refer-
ring to the matter Thursday. "The
chances are that we are going to have
a great many people, and if they can-
not be accommodated they will leave
here disgusted. I wish some of our
good people would arrange to take
them at a reasonable rate, so that they
might remain and enjoy our Confer-
ence and Chautauqua."

Mr. Bayer requests The Sun to ask
those who have accommodations to
please let him know at the earliest
moment, as he has many inquiries for
accommodations on hand now, and is
procrastinating with a view to finding
locations for the applicants. A postal
card containing the number you can
accommodate and the rate, will be all
that he will need, and this informa-
tion will be filed for reference.

Indications point that the Bible Con-
ference and Chautauqua will bring a
large number to Gainesville this ses-
son, and by all means arrangements
should be made to accommodate them,
especially when they will be willing to
bear the expense.

Judge Mason's Court.

The case of the State of Florida vs.
James Gregg, colored, charged with
trespass upon the property of T. E.
McDonald of Rocky Point, was called
in the court of Judge Mason Wednes-
day.

This case has been pending in the
courts for the past two weeks, having
been postponed from time to time, and
has attracted considerable interest,
the plaintiff alleging that the defend-
ant had "farmed" a section of his land
without permission.

The case was submitted to the court
without a jury, and the decision was
rendered in favor of the defendant.

Rev. Carlisle P. B. Martin, L. L. D.,
Of Waverley, Texas, writes: "Of a
morning, when first arising, I often
find a troublesome collection of
phlegm, which produces a cough, and
is very hard to dislodge; but a small
quantity of Ballard's Horehound Syrup
will at once dislodge it, and the trouble
is over. I know of no medicine that is
equal to it, and it is so pleasant to
take. I can most cordially recommend
it to all persons needing a medicine
for throat or lung trouble." 25c, 50c

ALL DRUGGISTS.

JOHN THOMPSON WAS GOOD.

The Famous "One-Man Show" De-
lighted Those Who Saw Him.

John Thompson, the original and
most interesting versatile dramatic ar-
tist who is well known and a favorite
in this city, appeared to a fair-sized
audience at the opera house last night,
which would have been better had it
not been for the fact that a great many
special functions had been on the
boards in the afternoon and evening
which attracted a great many.

However, Mr. Thompson, in his en-
tertainment, "Around the World in
Eighty Minutes," satisfied all who
were present, as he has always done—
and everybody was happy at the con-
clusion of the performance.

Mr. Thompson appeared in nine dif-
ferent characters in an original olio of
odities, and he was a "star" or the
"real thing" in each character. His
impersonations could not be surpassed
—the makeup for each character, was
perfect. His facial expressions were
remarkable, his comic songs were
funny, his instrumental solos enter-
taining. In his dancing he appeared
to be as loose and slippery as an eel.
The performance was also instruct-
ive, as he describes the peculiarities
of each character before he appears in
them. In all the entertainment was
first-class, and those present have no
regrets to offer.

If the Baby's Cutting Teeth

Be sure and use that old and well-
tried remedy, Mrs. Winslow's Sooth-
ing Syrup, for children teething. It
soothes the child, softens the gums,
allays all pain, cures wind colic and is
the best remedy for diarrhoea. Twenty-
five cents a bottle.

THE NEWS FROM ALACHUA.

A New Telephone Line—Personal
Notes Regarding People You Know.

ley and daughter, Doris, left Tuesday

city Saturday.

visit of several days in Jacksonville.

ville.

ville.

MORTON IS A FARMER.

Has Placed 4,000 Pounds of Fine Meat
in Cold Storage at Williston.

William D. Morton, well known in
this city, is conducting with great suc-
cess a truck farm near Eve, Levy coun-
ty, but judging from the report of The
Levy Times-Democrat he knows a
thing or two about staple farming as
well. The Democrat states that Mr.
Morton has just placed in cold storage
at Williston one hundred and seventy-
five hams and an equal number of
shoulders, which will aggregate in
weight about 4,000 pounds.

Mr. Morton was for many years en-
gaged in the mining of phosphate in
Levy county, but a year ago decided
to relinquish this profession and go
into truck farming. He made a spe-
cialty of the raising of cucumbers by
irrigation, with the result that he has
been remarkably successful.

But it seems, from The Democrat's
report, that Mr. Morton has been pay-
ing some attention to raising hogs,
and that in this he has been equally
successful. Whatever he undertakes
he does well, and the country would be
better off with more like him.

Spoiled Her Beauty

Harriet Howard of 200 W. 35th St.,
New York, at one time had her beauty
spoiled with skin trouble. She writes:
"I had salt rheum, or eczema, for
years, but nothing would cure it, un-
til I used Bucklen's Arnica Salve." A
quick and sure healer for cuts, burns
and sores. Twenty-five cents at all
druggists.

Georgia Odd Fellowship Growing.

W. Bennett, of this city, grand master
of the Odd Fellows of Georgia, has in-
stituted 15 new lodges of Odd Fellows
in this state since his term of office
commenced last May. About 15 other
lodges will ask to be chartered with-
in the next two months, and Grand Mas-
ter Bennett is of the opinion that be-
fore his term of office expires he will
have instituted at least 40 new lodges
of Odd Fellows in the state.

Presbyterians Will Unite.

New York, Jan. 19.—After a discus-
sion which continued through an en-
tire day the Morristown and Orange
Presbytery in session at Morristown,
N. J., has decided by a vote of 23 to
17 to accept the majority report of the
committee on overtures of the union
with the Cumberland Presbyterian
church, which report favored union,
but disapproved of the plan for sepa-
rate presbyteries.

A FACT PROVEN.

Should Convince Even the Most Skep-
tical of Its Truth.

If there is the slightest doubt in the
minds of any that Dandruff germs do not
exist, their belief is compelled by the
fact that a rabbit inoculated with the
germs became bald in six weeks' time.
It must be apparent to any person
therefore that the only prevention of
baldness is the destruction of the germ—
which act is successfully accomplished
in one hundred per cent. of cases by
the application of Newbro's Herpicide.

Dandruff is caused by the same germ
which causes baldness and can be pre-
vented with the same remedy—Newbro's
Herpicide.

Accept no substitute. "Destroy the
cause you remove the effect."

Sold by leading druggists. Send 10c. in

READ THIS.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,

W. H. Bacron,

Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 829, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Insure with Cushman & Hill.

Mrs. C. H. Dow of Montgomery, Ala., has arrived in the city, and will be the guest of relatives and friends for the next few days. This lady will be gladly welcomed by her numerous friends here, many of whom have known her for many years. She was formerly Miss Sheffield of Hawthorn.

Among the visitors to this city are Mrs. Turner Brewer of Douglass, Ga., and Mrs. J. B. Cutler of Ocala, both members of Kirby Smith Chapter, U. D. C., who have come to be present at the entertainment and bazar to be given by the chapter today. The numerous friends of these estimable ladies are delighted to greet them again.

W. J. Locke of Fannin was among the visitors to this city yesterday. Mr. Locke has just purchased from A. O. Steenburg a tract of fine land in the Suwannee River Valley, which is said to be among the most fertile in the State. Part of the land is heavily timbered, and from this alone the purchaser expects to realize a good thing financially.

Among the visitors in this city is Chas. E. Crispin of Philadelphia, who is representing Robert Johns, crockery, Chicago. Mr. Crispin is a regular visitor to Gainesville, and likes the city and its people so well that he makes his headquarters here for several days, while he is "working" the adjacent territory. He is a refined gentleman, and has made many friends during his various visits here who are always glad to welcome him.

Kirby Smith Chapter, U. D. C., cordially invites the people of Gainesville to patronize the supper which will be served at the opera house this evening. The committees have arranged everything with a view to the pleasing and comfort of their guests. A cordial welcome will be extended to all who come—and Kirby Smith will appreciate a generous patronage of the good things which have been prepared. The proceeds will be devoted to Confederate memorials, a cause which should stir the hearts of all brave men and women who know of the heroes who wore the gray. The doors will be open from 4 o'clock to 11 p. m.

NATIONAL TOILET CO., Paris, Tenn. Sold in Gainesville by J. S. Bodiford & Co., J. W. McCollum & Co., W. M. Johnson and all leading druggists.

B. F. Camp, the extensive lumber manufacturer of White Springs, is at the Brown House.

The press and public speak well of the John H. Sparks' show, which exhibits here tomorrow (Saturday).

O. W. Reagan, Frank A. Teague and G. S. Scott formed a trio of prominent Ocala people who were registered at the Brown House yesterday. Mr. Scott is engaged in the insurance business, while Messrs. Teague and Reagan are connected with Hoopes Bros. & Darlington, the hardwood people.

John H. Sparks' Old Reliable Virginia Shows arrived last night, and are located on the athletic field east of the chair factory. The usual crowd gathered to see the elephant walk down the plank from the car. The big lion, "Romeo" weighing 906 pounds, is truly the "king of beasts." Mr. Sparks is a gentleman and will no doubt give the people all he promises, says the Corry, Pa., Evening Journal, July 31, 1904. Will exhibit at Gainesville Saturday January 21.

B. F. Hampton has returned to Jacksonville, after a couple of days spent in this city. Mr. Hampton states that the Miller & Hampton Realty Company, of which Phillip Miller and himself are the managers, expect to open for business at once, and has promised that he will take good care of Gainesville and Alachua county in the distribution of patrons for lands. While the people of Gainesville regret very much to lose both Messrs. Miller and Hampton and families as residents here, they feel that they are good friends, and will do all in their power for the upbuilding of this section and county.

Mrs. T. W. Shands and Misses Bezie and Pearl Colson have returned from Bronson, where on Wednesday they attended the marriage of Braxton Deas and Miss Pearl Sharpe. The affair, which was held in the Methodist church, was one of the most important in that direction transpiring in that section for some time, since both the contracting parties are prominent in social circles. Rev. W. H. Steinmeyer of the Bronson Methodist church officiated, and there were a large number of friends and relatives present. The bride is a granddaughter of John F. Jackson, well known throughout the State for a quarter of a century, while the groom is a popular and efficient employee of the Atlantic Coast Line.
